

Real Estate Trends

October Fest

October 17, 2008

Real Estate Stats– *Stacey Anfindsen- Real Estate Appraiser with Birch Appraisal*

Stacey P. Anfindsen will present an update on market performance during the first 3 quarters of 2008. Find out where and what is happening in Triangle residential real estate.

Chicken Little, the Death Star & Hope for the Future – *Ted Abernathy – Research Triangle Institute*

Economic Impact on the Research Triangle Region. Provide economic data and analysis on the Research Triangle Region's competitive position. Dynamic factors will be examined that affect this region's economy, as well as a look into *Staying on Top-Winning the Job Wars of the Future*, a plan that looks at the economic competitiveness strategy designed to ensure a prosperous economic future for all 13 counties in the Research Triangle Region.

State of the (Real Estate) Nation – *John Ansbach*

In this session, residential real estate expert John Ansbach will discuss the current "state of the nation" as it pertains to residential real estate. Topics to be discussed include up to date national statistics and statistics trends, as well as trends currently impacting real estate consumers and providers. Likely to be covered in this session are trends related to technology, consumer empowerment, generational diversity and regulation efforts.
