

## Harriette H. Doggett Personal Statement

Receiving my license in 1987 I became a REALTOR in January, 1988. I associated with Fonville Morisey Realty and have been active in the real estate market in the Triangle Area since. I am currently the Managing Broker in Charge of the Midtown office of Fonville Morisey. I have been involved in the leadership of our Association for many years and have seen our association grow not only in membership but in our member presence and participation in our community. As our Association has grown we have tried to meet the needs of our members through offering additional services and finding solutions to increasing challenges that face our industry, particularly advocacy of private property rights and the ability to earn a living selling real estate. I've always felt very strongly that the only way that you can affect change is by being *informed and involved*. I'm proud to be a REALTOR and be involved! The highest career honor I've received was being awarded REALTOR of the Year in 2018 by our Association.

I served as 2015 President of the Raleigh Regional Association of REALTORS. Leading up to that honor, I served as President Elect, Secretary Treasurer and then as Past President. I've served several terms on our Board of Directors and seek your support to serve again. My Association involvement includes serving on numerous committees: RPAC, Government Affairs, Grievance, Professional Standards, By-Laws & Policy, Finance and Strategic Planning as well as many task force. I've served as Associate Dean of the Triangle REALTORS Leadership Academy since 2007. I was a participant in RRAR's Orientation Classes for new REALTORS as a presenter of the Code of Ethics for several years until the change was made to have just one person making the presentation. Our REALTORS Foundation of Wake County is another arena of involvement serving on that BOD as well.

My involvement with the NC REALTORS includes serving on the BOD multiple terms, 2010 & 2019 Chairperson of the Professional Standards Committee; the NCAR Grievance Committee, Recruiting Committee, By-Laws and Awards. I served on the Governance Task Force in 2005-2006; your Region 10 NCAR Regional Vice President in 2012-13 and 2017-18. In 2014, I received the NCAR RPAC Chairman's award for most REALTORS Political Action Committee investments ever (to that date) contributed by a local association totaling over \$92,000 which was a lot at that point in time. I was also awarded the Regional Service Award from NC REALTORS. I am also an active member of the NC CRS since 1998, serving as Secretary of NC CRS 2008.

I currently serve as an NAR Director from 2016 to current and have served on the NAR Membership Policy and Board Jurisdiction Committee and the 2017-2019 NAR Professional Standards Committee and the Leading Edge Advisory Board.

I respectfully request your vote as I seek to continue to give back to our Association by serving on our Board of Directors. Thank you!
