

Darlene Harrings Potential Director

Attention: Nomination Committee

Who is Darlene Harrings and why do I deserve your consideration to join the RRAR Board of Directors?

I have been a REALTOR for more than 10 years. As a graduate of the 2016 Triangle Realtor Leadership Academy (TRLA), I've used my experience to become active in RRAR committees. I am also a retired registered nurse (more than 35 years), a former Girl Scout Leader, a volunteer within the community, a mom, and a wife. All these roles have made me who I am today, someone that is passionate for people, what they are about, and for our community.

This applies to my real estate career; I have found that the care of people for which I cross paths make a difference in my world and theirs. As a Director I will bring this passion for real estate, guiding clients, and making a difference to our RRAR community. I am an out of the box thinker who not only finds unique solutions but will also implement these solutions to make the end goal a reality. Just ask my Girl Scout Troop. We worked and planned for two years to reach our goal to visit GS World Centers in England and Switzerland. Using a similar approach, I will make a personal goal work to get more members take advantage of the educational and networking opportunities of the association, even though we may be limited in our interactions. In this ever-changing business it really helps to share ideas and information with like-minded people. As a Director I look forward to becoming a liaison between the association and membership with the goal to grow participation.

I am an active member in the Heart of Cary Association. I volunteer with Second Chance Pets Adoptions, and member of the charity organization 100 Women Who Give a Hoot.

Within RRAR I have been a member of many committees including the Realtor Foundation Service Committee, Grievance Committee, Associate Dean to Triangle Leadership Academy, and Professional Development Committee. I am also a member of Women's Council of Realtors. I find that meeting people in many different settings helps me to grow my understanding of others and their point of view. As a Director I will take these experiences in both life and real estate to make a difference at RRAR.

I appreciate your consideration.
