SECTION 1: INTRODUCTION

The Raleigh Regional Association of REALTORS® (RRAR or the Association) is an association of volunteer members governed by Bylaws adopted in 1924 and as amended from time to time by the Board of Directors. Qualifications for and objectives of membership are found in the Bylaws, as approved by the National Association of REALTORS® (NAR). The governing body of the Association is a Board of Directors. The Association's activities are carried out through committees of volunteer members. The policies found in this manual are in addition to, not a replacement for, the Association's Bylaws.

SECTION 2: BOARD OF DIRECTORS

The Officers and Directors of the Association shall comprise the governing body of the Association of REALTORS®. Specific responsibilities and duties of the Board of Directors are as follows:

2.1: Directors' Responsibilities

- Serve as the governing body of the Association and control all the affairs of the Association, subject to the restrictions imposed by the Bylaws.
- Select the financial institution(s), by resolution, to deposit all Association monies.
- Employ such Chief Executive Officer (CEO) to manage the day-to-day operations of the Association.
- Contract with an outside independent accounting firm to be available for consultation per policy 5.3 *Legal Counsel & CPA*, and to conduct audits of the Association's books, including the annual audit. Directors may refer any member of the Association to the Secretary-Treasurer and/or CEO if the member requests a report of the Association's audited income and balance sheet.
- Contract with outside legal counsel to attend monthly meetings and be available for such consults as deemed necessary per policy 5.3 *Legal Counsel & CPA*.
- Review and approve a budget prepared by the Finance Committee reflecting projected income from all sources and projected costs and expenses of the Association for the next fiscal year. The budget shall be submitted to the Directors not less than thirty (30) days prior to the first day of the next fiscal year.
- Report regularly and promptly to the members of all actions of the Board of Directors.
- Review and act on committee requests. If financial requests exceed the approved budget by more than \$10,000.00, such requests must first be reviewed by the Finance Committee.
- Review actions of the Executive Committee carried out in the interim between Board of Directors' meetings.
- Approve and amend such rules, regulations, and policies necessary to the operation of the Association.

- Attend all Board of Directors' meetings. Any Officer or Director of the Board who is absent from three (3) Board of Directors' meetings in one (1) calendar year shall, on their third absence, have automatically resigned from their position. There shall be no differentiation between "excused" or "unexcused" absences. One Board of Directors' meeting per year may be attended virtually with advanced notice to the President. Officers and Directors must be on camera during the entire meeting. Any absence from a Board of Directors' meeting should be reported to the President and CEO in advance, when possible. The attendance record, as included in all board packets, shall serve as the actual record of attendance. Any corrections must be made before its approval at the next meeting. Association staff will notify any Officer or Director after a second absence during the year.
- Serve without compensation.
- Represent the entire membership by:
 - Soliciting member input as much as possible.
 - Placing the welfare of the entire membership ahead of geographical or factional considerations.
 - Expressing their viewpoints and sharing their opinions on issues before the group.
- Be informed and knowledgeable in areas of particular interest, concern, and importance to the Association and the real estate industry.
- Volunteer for Association committees and councils as Director Liaisons. Committees or councils that do not have a Board of Director will have one appointed. The Pro Standards and Grievance Committees are excluded.

All guests and staff will be excused when the Board is called into Executive Session, at which time matters relating to confidential personnel matters, professional standards hearings, results and appeals, and attorney-client communications, among other possible matters, may be discussed. (As discussed in 9.3: Members' Access to Meetings and Materials)
- Attend the mandatory Leadership Orientation to be held annually before the first Board of Directors' meeting of the calendar year.

5.6 Harassment Policy

The Association is committed to maintaining a professional environment free from discrimination, and in which members and Association staff at all levels can devote their full attention and best efforts to the Association activities. The Association does not authorize and will not tolerate any form of harassment on the following factors: Race, color, religion, sex, disability, familial status, national origin, sexual orientation, gender identity, or any other characteristic that is protected by law.

Examples of "harassment" that are covered by this policy include offensive language, jokes or other physical, verbal, written or pictorial conduct relating to the individual's race, color, religion, sex, disability, familial status, national origin, sexual orientation, gender identity or any other characteristic that is protected by law would make a reasonable person experiencing such behavior feel uncomfortable or harassed.

It is impossible to list every type of behavior that can be considered harassment in violation of this policy. In general, any conduct that could create an offensive environment will be considered harassment in violation of this policy. This is the case even if the offending party did not mean to be offensive. It is essential that all members and staff be sensitive to the feelings of others.

Sexual Harassment

Individuals (including vendors, customers, and visitors) are prohibited from harassing employees, Individuals, and other covered persons based on that individual's sex or gender (including pregnancy and status as a transgender or transsexual individual) and regardless of the harasser's sex or gender.

Sexual harassment means any harassment based on someone's sex or gender. It includes harassment that is not sexual in nature (for example, offensive remarks about an individual's sex or gender), as well as any unwelcome sexual advances or requests for sexual favors or any other conduct of a sexual nature.

The Association will not tolerate any form of sexual harassment, regardless of whether it is verbal (for example, epithets, derogatory statements, slurs, sexually-related comments or jokes, unwelcome sexual advances, or requests for sexual favors), physical (for example, assault or inappropriate physical contact), visual (for example, displaying sexually suggestive posters cartoons or drawings, sending inappropriate adult-themed gifts, leering, or making sexual gestures), or online (for example, derogatory statements or sexually suggestive postings in any social media platform including Facebook, Twitter, Instagram, Snapchat, etc.). This list is illustrative only and not exhaustive. No form of sexual harassment will be tolerated.

Harassment is prohibited both at the Association workplace and at Association-sponsored events off premises.

Reporting Harassment

The Association can only resolve matters of which it is aware. Any individual who feels they have been harassed or has witnessed harassment has a duty to immediately report the alleged harassment so that it may be investigated, and appropriate action taken. This is true whether the alleged harasser is an Association staff member, association member, Officer, or Director.

To report alleged harassment, contact the President. In the case that he or she is the subject of the allegation, contact the next highest-ranking Officer.

Once received, a prompt and thorough investigation will be conducted.

Complaint Procedure: Any member or employee who believes that they have suffered harassment by any member or Association staff must bring the problem to the attention of the President or CEO and communicate it to other members of the Executive Committee. The initial complaint does not have to be filed in writing; however, at some point, the details of dates, times, places, and witnesses, if any, to the alleged harassment may be required to be documented in writing.

All complaints will be investigated promptly and with strictest confidentiality by an investigatory team comprised of the President, President-elect, and one (1) member of the Board of Directors selected by the highest-ranking officer not named in the complaint after consultation with the Association's legal counsel. If the complaint involves the President or President-elect, they shall be replaced on the investigatory team by the Immediate Past President or, alternatively, by another member of the Board of Directors selected by the highest-ranking officer not named in the complaint.

Both the complainant and the accused will be provided with a full opportunity to present their cases. Witnesses interviewed will be provided only with the information necessary to elicit from them their observations and other relevant information.

The investigatory team shall impose disciplinary action against any member found to have harassed another member or Association staff, which may consist of any sanction authorized in the National Association of REALTORS® *Code of Ethics and Arbitration Manual*, such as verbal or written warning, required education, probation, suspension, or expulsion, depending on the gravity of the incident. Prior incidents of similar behavior shall be considered when determining the appropriate disciplinary action. The decision shall be made by the investigatory team.

A preponderance of evidence shall be the standard of proof by which alleged allegations of harassment are determined. Preponderance of the evidence shall be defined as evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which, as a whole, shows that the facts sought to be proved are more probable than not.

It is contrary to Association Policy for a member to retaliate against anyone who files a harassment charge. All possible steps will be taken to eliminate the possibility of retaliation resulting from the filing of a complaint.

If either party wishes to appeal the decision, they may do so, but only on the grounds of a lack of due process or procedural irregularity. The decision of the investigative team is final and not subject to appeal, but may be reconsidered if it is determined that a procedural irregularity or lack of due process occurred. Appeals must be made in writing to the CEO, who will review with the Association's legal counsel the basis for the appeal and either uphold the decision or refer the matter back to the investigative team for further review and consideration.

This policy is not intended to provide a means of appeal from outcomes in those other mechanisms.

Protection from retaliation.

The Association prohibits retaliation by or on behalf of the Association against Association staff or volunteers for making good faith complaints, reports, or inquiries under this policy or for participating in a review or investigation under this policy. This protection extends to those whose allegations are made in good faith but prove to be mistaken. The Association prohibits retaliation against staff and volunteers for refusal to participate in an activity that would result in a violation of local, state, or federal law. The Association will not retaliate against a staff member or volunteer who discloses or threatens to disclose to a supervisor, director, vice-president, the chief executive officer, or law enforcement agency or other governmental agency, any activity, policy, or practice of the Association that the person reasonably believes is in violation of a local, state, or federal law. The Association reserves the right to discipline Association staff or volunteers who make bad faith, knowingly false, or vexatious complaints, reports, or inquiries, or who otherwise abuse this policy.

Where to report.

A complaint, report, or inquiry may be made under this policy on a confidential or anonymous basis. It will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation. The complaint, report, or inquiry should describe in detail the specific facts demonstrating its basis. A complaint, report, or inquiry by Association staff should be directed to a direct supervisor and ultimately the CEO; if this person is implicated in the complaint, report, or inquiry, it should be directed to the President. A complaint, report, or inquiry by a volunteer member should be directed to the President and, if the President is implicated in the complaint, report, or inquiry, it should be directed to the President-elect or CEO. 5.9 Leadership/Conflict of Interest Policy

Service as a leader for the Association gives rise to certain legal obligations to the Association. One obligation is the fiduciary duty owed by the leader to the Association. It requires the exercise of reasonable care in performing duties to the Association, exhibiting honesty and good faith, and encompasses the responsibilities of both care and loyalty. The duty of loyalty requires Association leaders to avoid conflicts of interest and look out for the Association's best interests, not their own.

A conflict of interest may exist when one participates in the decision-making process on an Association issue, while concurrently having other business, professional, or personal interests that could tend one toward bias or predisposition on the issue. The fiduciary duty of a leader also requires avoiding the appropriation of programs and activities, particularly business prospects that properly belong to the Association. **RRAR leaders must also maintain the confidentiality of Association information.**

Even where the Association leader might be appointed or elected regionally or by virtue of the leader's professional position within a particular organization or practice area, **the obligations of the leader are to the Association as an organization, not to the leader's constituency.** The following policies apply to all Association leaders, including but not limited to Officers, Directors, and members of all Association decision-making bodies, such as the Board of Directors or the Executive Committee.

Conflict of Interest Policy

According to *Black's Law Dictionary*, a conflict of interest is defined as "A term used in connection with public officials and fiduciaries and their relationship to matters of private interest or gain to them." Any Association leader will be considered to have a conflict of interest whenever that leader:

- a. Is a principal, partner, officer, director, member, manager, or greater than one percent (1%) owner of a business providing products or services to or competing with the Association;

- b. Is a principal, partner, officer, director, member, manager, or greater than one percent (1%) owner of a business being considered as a provider of products or services to or competing with the Association; or
- c. Holds any unique and substantial interest in a business, financial, or otherwise, such as a familial, personal, employer-employee, contractor-contracted, shareholder, or governance relationship with the business.

Any Association leader with a potential conflict of interest must immediately disclose their interest at the outset of any discussions by a decision-making body pertaining to the potential conflict.

Such Association leaders shall be excused from such discussion unless otherwise requested by the board of directors and shall respond to any questions asked of them. Furthermore, no Association leader with a conflict of interest may vote on any matter in which the leader has a conflict of interest, including votes to block or alter the actions of the decision-making body to benefit the business in which they have an interest. Minutes of appropriate meetings shall reflect that such disclosure was made, and that the leader excused himself or herself from the discussion of the pros and cons and vote on the matter.

Financial/Ownership Disclosure Policy

If the Association leader has personal knowledge that the Association is considering doing business with an entity in which the leader has any financial or ownership interest, then such leader must disclose his or her financial or ownership interest.

If the Association leader has a financial or ownership interest in an entity that the leader knows is offering competing products and services as those provided by the Association, then such leader must disclose the existence of his or her financial or ownership interest.

Association leaders with a financial or ownership interest must disclose their interest at the outset of any discussions by a decision-making body pertaining to the business or any of its products or services. The leader shall be excused from such discussion unless otherwise requested by the Board of Directors and shall respond to any questions asked of him or her. Furthermore, no leader has a financial or ownership interest, including the ability to block or alter the actions of the decision-making body in order to benefit the Business in which he or she has an interest. Minutes of appropriate meetings shall reflect that such disclosure was made, and that the leader excused himself or herself from the discussion of the pros and cons and vote on the matter.

Corporate Opportunities Policy

Any leader who learns of a business opening, investment, project, or program through his or her service to the Association may not pursue that opportunity outside of the Association without first offering it to the Association. Only if the Association decides not to proceed (i.e., abandons the corporate opportunity) may he or she proceed independently of the Association.

NOTE: No leader is prohibited from engaging in conduct in the same general line of commerce as the Association, but he or she must conduct his or her own activities in good faith and without injury to the Association. For example, assume that part of your

service on a committee entails the development of an educational course to be delivered to Association members. It would be a violation of this policy to take the work of the committee and use it to create an educational course for your personal financial gain.

Confidential Information Policy

All leaders must (a) maintain in confidence and not disclose or cause to be disclosed to anyone, other than the Association, any information designated as confidential at the Association's sole discretion; prior to or during deliberation by the Association; (b) keep any materials containing confidential information in a safe and secure place to protect against inadvertent disclosure; and (c) preserve confidential information indefinitely, even after expiration of the leader's service. Upon expiration of the leader's service, the leader must promptly return to the Association staff, upon request, any materials containing confidential information sent to or acquired by the leader relating to the leader's work for the Association. For example, assume that the executive committee, during its search for a CEO, designates the deliberations as "confidential" to preserve the integrity of the search. It would be a violation of this policy for members of the committee to disclose such deliberations to anyone outside the committee except as may be required to conduct the committee's business or as required by law.

Service Statement

Any person serving the Association in an elected or appointed position must sign a service statement in a form designated by the Association prior to serving.

SECTION 6: FINANCE

6.1 Authorized Signatures

The Secretary-Treasurer, President, CEO, and an additional Association staff member shall have the authority to sign checks, initiate electronic payments, and financial documents for the Association.

Signature authorization cards will be updated annually to add the Secretary-Treasurer to the Association's operating account, and a resolution will be filed annually by Association staff with all banks and savings institutions in which the Association maintains accounts.

6.2 Financial Information Disclosure to Members

Member access to financial information of the Association is defined under 9.3 *Members' Access to Meetings and Materials*.

6.3 Annual Operating Budget (Amended 8/2013)

The Secretary-Treasurer shall prepare the Association's Annual Operating Budget with the assistance of the CEO and the Finance Committee. The Annual Operating Budget shall be a zero-based budget. The Secretary-Treasurer shall present the annual budget to

the Board of Directors at the October or the November Board of Directors' meeting. Approval of said budget shall occur no later than the December Board of Directors meeting as required in the Association's Bylaws.

The CEO may expend up to \$25,000 annually, which would exceed the approved budget without the Secretary-Treasurer's review and approval by the Executive Committee.

When planning the annual budget, the Secretary/Treasurer shall evaluate and consider any economic factors that may affect the income from membership dues. The budget should align with the current strategic plan, specific goals or programs projected for implementation during the coming year, and the evaluation of the Association's existing programs and services.

6.4 Financial Reserve Policy

- a. The **General Operating Reserve Fund** of the Association is to be an amount not less than twenty-five percent (25%) and not to exceed seventy-five percent (75%) of the Association's annual Operating Expenses, averaged using the previous two (2) years of annual operational expenses. Funds in excess of the established General Operating Reserves and other dedicated reserves will be expended at the recommendation of the Finance Committee and by approval of the Board of Directors for the reduction of long-term debt, to offset an unapproved deficit budget or for the betterment of the Association and its members through providing for the operations and initiatives of the Association.
- b. In addition to the General Operating Reserve Fund, the following reserve funds may be funded exceeding the requirements set forth in section A above, as recommended by the Finance Committee and approved by the Board of Directors:
 1. **Capital Assets Fund** not to exceed \$500,000.00 – these reserves will be expended for the acquisition of capital assets or asset improvements and will be expended at the recommendation of the Finance Committee and by approval of the Board of Directors.
 2. **Legal Action Fund** not to exceed \$100,000.00 – these reserves will be expended to defray the costs associated with legal action involving the Association or one of the Association's members in matters of legal precedence related to private property rights and/or the practice of real estate. This fund will be administered by the Legal Action Committee in accordance with the policies in Section 5.5 of this Manual.
 3. **Ray Larcher Opportunity Fund** not to exceed \$50,000.00 – these reserves will be expended to allow the Association to capitalize on opportunities presented to it and will be expended by approval of the Executive Committee.
- c. All Association reserves will be invested by a professional money manager approved by the Board of Directors and in accordance with the approved investment policies. The Finance Committee will be responsible for monitoring

the performance of the invested reserves at least semi-annually and recommending changes to the investment policy. (See Investment Policy in Section 18.)

*Note: General Operating Reserves shall be calculated as of December 31st as:
Total Cash and investments – (Total Current Liabilities - Prepaid Dues)*

To maximize earnings, the brokerage account shall maintain an amount of operating reserves as suggested by the Finance Committee, with a required mid-year review to assess the current needs of the Association.

The Finance Committee should consider the Association's budgeted projections before voting on any additional investments or withdrawals from the account, which, if passed, would proceed to the Board of Directors for approval.

Operating Expenses shall be calculated for the period ending December 31st based on the unaudited financial report.

6.5 Capitalization

This policy establishes the minimum cost (capitalization amount) that shall be used to determine the capital assets that are to be recorded in the Association's annual financial statements.

A Capital Asset is defined as a unit of property that: (1) has an economic useful life that extends beyond 12 months; and (2) was acquired or produced for a cost of \$2,500 or more, and will be the threshold for minimum capitalization. Any items costing below this amount should be expensed in the Association's financial statements.

All Capital Assets are recorded at historical cost as of the date acquired. Tangible assets costing below the threshold amount are recorded as an expense in the Association's annual financial statements. Assets with an economic useful life of 12 months or less are required to be expensed for financial statement purposes, regardless of the acquisition or production cost.

Invoices substantiating an acquisition cost of each unit of property shall be retained for a minimum of 4 years.

6.6 Petty Cash

The Association shall maintain a petty cash fund in an amount necessary for minor miscellaneous expenses of the Association. The CEO or Department Manager shall authorize disbursements from petty cash.

6.7 Dues Refunds

- a. The Association will issue refunds only in cases of overpayment. The Association will consider refunds for cancellation of membership, prior to the upcoming fiscal year, if received by December 31st.

- b. Upon request by a member, or on behalf of a member, who experiences extreme hardships, which can be documented, may request a waiver of the local portion of their dues to be considered by the Executive Committee.

6.8 Non-Payment, Reactivation Fees, and Insufficient Funds

The Association reserves the right to charge a reactivation fee in the amount of \$100 for dues not paid by January 15th. For members whose payments are returned by their bank for insufficient funds, a penalty of \$25 will be charged to the member.

Any Association dues payments not paid by the due date will result in the membership being placed in inactive status. However, no action shall be taken to suspend or expel a member for nonpayment of disputed amounts until the accuracy of the amount owed has been confirmed by the Board of Directors.

A former member who has had his/her membership terminated for nonpayment of dues, fees, fines, or other assessments duly levied in accordance with the provisions of these Bylaws or the provisions of other rules and regulations of the association or any of its services, departments, divisions, or subsidiaries may apply for reinstatement in a manner prescribed for new applicants for membership, after making payment in full of all accounts due as of the date of termination.

6.9 Annual Audit

An annual audit of the Association's bookkeeping, accounts, and financial records shall be conducted by a Certified Public Accountant after the close of the fiscal year, or upon approval of the Board of Directors at such other times as may be required. The results of the Audit shall be presented to the Board of Directors and the membership as required by the bylaws.

6.10 Contributions

Association contributions to various charitable causes, 501c3 organizations, or individuals shall not be taken from the Association's financial reserves. The current operating income in any fiscal year shall be the only source for such contributions, unless a fund-raising drive is conducted for a stated purpose.

There shall be a limit to the total amount of Association contributions each year, not to exceed two and a half percent (2.5%) of the Association's budgeted revenues. The general purpose for all contributions shall be related to the real estate industry and community enrichment, in some manner.

6.11 Travel Reimbursement

Any reasonable travel expenses incurred on behalf of the Association shall be reimbursed in accordance with the **approved budget**. If there is a question about an expense, the Executive Committee will determine reimbursement. All travel reimbursement requests shall be submitted within forty-five (45) days after the end of the event. If a member is

also being reimbursed or compensated by another organization, such as TMLS, NAR, or NCR, they are eligible for RRAR reimbursement only for expenses not covered by other organizations.

6.11a Officer Travel Reimbursement

Association Officers are expected to attend the NC REALTORS® Winter Meetings, NC REALTORS® Legislative Meetings, and NCR Convention in addition to the NAR REALTORS® Legislative Meetings, and NAR NXT. The President-elect will attend the annual NAR Leadership Summit in August.

6.11b NCR Director Travel Reimbursement

NCR Directors are expected to attend the NC REALTORS® Winter Meetings, the NCR Legislative Meetings, and the NC REALTORS® Convention. Travel shall be reimbursed in accordance with the approved budget. To be eligible for reimbursement of reasonable expenses following the meeting, NCR Directors must attend the Regional Caucus and the Board of Directors Meetings. Directors may be excused from attending the Regional Caucus if they serve on an NCR Committee or Task Force that has a conflicting meeting time.

6.11c NAR Director Travel Reimbursement

NAR Directors are expected to attend the NAR REALTORS® Legislative Meetings and NAR NXT. Travel shall be reimbursed in accordance with the approved budget. To be eligible for reimbursement of reasonable expenses following the meeting, NAR Directors must attend the NAR Region Caucus and the NAR Board of Directors meeting.

- b. The Chair and the Vice Chair of the Young Professionals Network Committee (YPN) shall be reimbursed for reasonable expenses for attendance at the NAR YPN Leadership Retreat in accordance with the approved budget.

SECTION 7: VIOLATIONS OF POLICIES

Any violation of these policies by a Member may result in discipline by the Board of Directors after a hearing, as described in the Code of Ethics and Arbitration Manual of the National Association of REALTORS®, provided that the discipline imposed is consistent with the discipline authorized by the Professional Standards Committee of the National Association of REALTORS® as set forth in the Code of Ethics and Arbitration Manual of the National Association of REALTORS®.

- d. A GPIC regular attendee is defined as any Association member who attends at least half of all GPIC meetings in a calendar year prior to the start of candidate interviews for the election cycle.

10.2 Candidate Funding Policy

Financial support from the Association does not constitute an endorsement of a candidate. It indicates that the candidate being provided support has indicated their support of and commitment to policies that are important to consumers, the Association, and its members, and for private property rights.

In each race, REALTORS® PAC does not contribute to more than one candidate in a single election cycle, except that in a situation where the REALTORS® PAC-supported candidate loses his or her bid for that seat, a contribution may be made to another candidate in that race. In races where more than one seat is open for the positions available, REALTORS® PAC donations may be made for more than one candidate in the race up to the number of open positions. For example, if there are three seats open in the race for city council and five people are running, up to three may be funded in this race.

All decisions on candidate support will be finalized by the Board of Directors.

10.3 Fair Housing Policy

- a. Fair Housing is the responsibility of all REALTOR® and other members of the Association.
- b. NAR and RRAR oppose discrimination in housing based on race, color, religion, sex, handicap, familial status, sexual orientation, gender identity, and national origin. This policy is embodied in NAR's Code of Ethics. NAR also authorizes sanctions in response to a finding that a member has violated any fair housing law, including local and state laws that prohibit discrimination based on sexual orientation or gender identity. NAR policy is to support equal opportunity on the basis of sexual orientation and gender identity, and the NAR Code of Ethics was amended in 2010 and 2013 to include this updated policy in the Code of Ethics.
- c. Members are encouraged to review the National Association of REALTORS® Fair Housing Declaration found on the NAR website.

SECTION 16. SOCIAL MEDIA CRISIS COMMUNICATIONS PLAN

This crisis communications plan defines the responsibilities and procedures for communicating with internal and external stakeholders in the event of a significant, unforeseen business disruption or threat to the company's reputation.

What's the definition of a crisis?

We're defining a crisis as any significant event that creates uncertainty and could have a long-lasting negative effect on our reputation and/or mission. It may dramatically impact our ability to operate if it isn't handled appropriately.

We've created a framework to further define these crises and ensure swift action and an appropriate response to match it and provided some examples alongside them. These examples may not always match the level listed here; for example, we may have a Level 3 crisis of executive misconduct. These examples are used simply to illustrate the gravity of the "level" and ensure that all parties understand the seriousness of the situation at hand.

Level	Description
1	This is the highest level of crisis escalation and involves an all-hands-on-deck approach. The situation is immediate and could potentially result in some sort of calamity, or another massive threat to the company. The problem may linger for years and require long-term intervention. Examples: Executive or member misconduct, data breaches or cyberattacks, social media hacker, or other sudden and unforeseen circumstances.
2	There is a significant potential risk or long-term impact to business operations, customer success, and/or the company reputation. Examples: Code of Ethics violation by a member or staff or any other situations that could seriously impact the public's perception of RRAR.
3	It doesn't yet pose a long-term or immediate risk to the business, but the team should still be on the same page for responding. This level is well-suited for an emerging crisis, or any situation that can potentially be anticipated or addressed early in its development to minimize the impact. Examples: Rumors, misinformation, personnel issues aired on social media, issues with company culture, member postings that are inappropriate and are detrimental to either the association, NCR or NAR.
4	This is where most "crises" will fall into. They are typically bigger versions of day-to-day issues that may need extra effort to be fully resolved and/or addressed. Examples: Negative Glassdoor reviews, negative tweets from a member.

- **Investment, Return, and Risk Objectives**

Target Rate of Return

The Portfolio should provide sufficient income to meet current and future distribution needs, with the primary Investment Objective for the Portfolio's assets being to maintain purchasing power and to seek a total rate of return exceeding the Consumer Price Index (CPI) by five percent (5%) over a rolling five-year time horizon. The overall goal is for the Portfolio to earn the highest return possible without exposing the Portfolio to undue risk.

Underlying Accounts

The investment assets of the Association may be divided into underlying accounts that may have differing investment objectives. The overall investment policy of the Association's assets will take into account the individual objectives of these underlying accounts.

Portfolio Composition and Asset Allocation

The Association's Fund will invest in a broadly diversified portfolio with assets allocated in a manner that will provide investment returns in line with the performance objective. The Investment Manager will be given authority to invest the portfolio within allowable asset class ranges at its discretion. The Investment Manager will keep the Finance Committee apprised of changes in asset class and sub asset class changes.

To achieve its long-term goal, the Association has adopted a strategic asset allocation plan that envisions a reasonably stable distribution of assets among major asset classes and has adopted the following asset allocation objectives (all figures represent a percentage of total assets):

Strategic Asset

<u>Asset Class</u>	<u>Allocation %</u>	<u>Allowable Range</u>
Equities	55 %	40%-70%
Fixed Income	35 %	25%-50%
Real Assets	5%	0%-10%
Alternative Assets	3%	0%-10%
Cash & Equivalents	2%	2%-15%

Prohibited Assets:

Prohibited investments include, but are not limited to the following:

- Futures Contracts
- Assets that may produce UBTI
- Private Placements with limited liquidity
- Cryptocurrency

Prohibited Transactions

Prohibited transactions include, but are not limited to the following:

- Short Selling
- Margin Transactions

● **Liquidity and distribution requirements**

A certain amount of cash equivalents will be held in order to provide for tactical investment decisions, rebalancing, accrued income, and for disbursements as directed by the Finance Committee for operational or other needs of the Association. Should expenditures be anticipated on a regular or ad hoc basis, sufficient liquidity should be maintained to provide for such needs.

To minimize the possibility of a loss occasioned by the sale of a security forced by the need to meet a required payment, the Association will periodically provide the Investment Manager with an estimate of expected net cash flow. The Association will notify the Investment Manager in a timely manner, to allow sufficient time to build up necessary liquid reserves.

● **Legal, tax, and regulatory constraints**

Assets that may produce unrelated business taxable income (UBTI) are to be avoided unless the Investment Manager recommends such investments and obtains the approval of the Committee to utilize them.

The Association is a non-profit corporation controlled by its Board of Directors and CEO.

Transactions between the Association and certain insiders, known as disqualified

persons, are prohibited.
